

Weighing Solutions from Intercomp!

TB830™ Twin Beam Scale

Intercomp's TB830 Twin Beam Scale utilizes an independent twin beam design for easy positioning to handle a wide variety of portable weighing applications.

- Available in 5,000 lb/2,500 kg or 10,000 lb/5,000 kg capacities with lengths from 3 to 8 feet/1 to 2.65 meters
- Portable design handles oversized pallets and crates not normally weighed on conventional floor, pallet truck or lift truck scales
- Rugged, mild steel construction offers floor mounting tabs for permanent installation in conveyor line weighing applications
- Fully electronic load cells certified to 5,000 divisions
- Analog Output

US840™ U-Beam Scale

Intercomp's US840 U-Beam Scale offers an accurate and portable design for easy positioning to handle a wide variety of warehouse weighing applications.

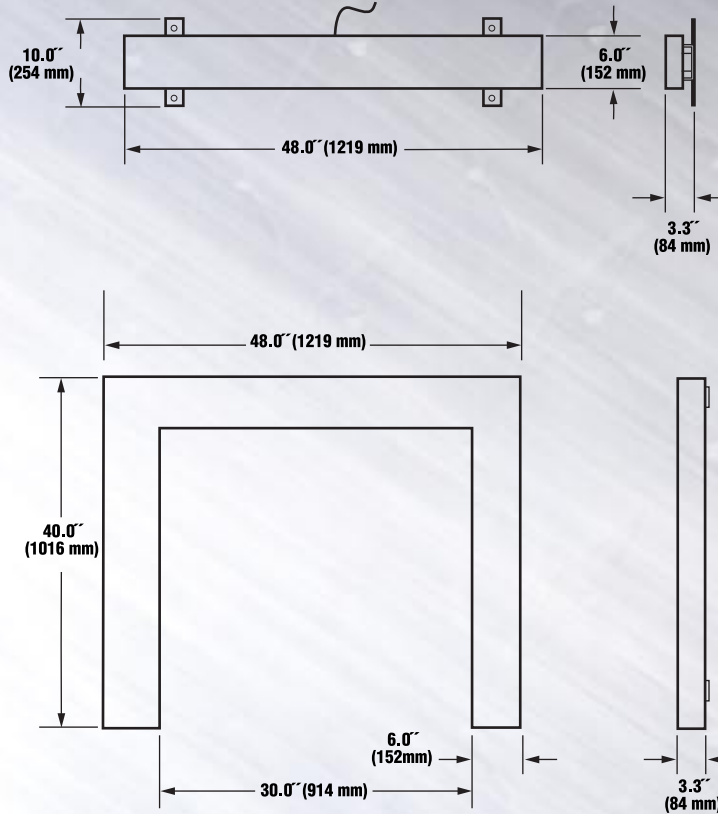

- Available in 5,000 lb/2,500 kg or 10,000 lb/5,000 kg capacities for standard 48" x 40"/1.3 x 1 meter pallets
- Rugged, above-ground design allows forklift access to easily slide pallets onto the u-beam for quick, accurate weighings
- Portable and lightweight construction offers flexibility to store and transport scale to multiple, hard-to-reach locations
- Fully electronic load cells certified to 5,000 divisions

Applications:

- Shipping pallets and containers
- Warehouse product inventory control
- Manufacturer weighing custom objects or equipment
- Transportation companies weighing portable equipment

GP Series Indicators for Scales

GP 1200™ COMPACT BATTERY-OPERATED DIGITAL WEIGHT INDICATOR Part# 100635

Low cost, power efficient indicator incorporates the most sophisticated A/D and CMOS technology available today!

- 20 Bit A/D Converter
- Alkaline or Ni-Cad Battery Powered
- Jumbo LCD Display
- Low Power CMOS Design
- Gross/Net/Tare
- RS232/RS485 Output
- Stainless Steel Housing
- Full Keypad Setup & Calibration
- Digital Input
- Proven Design & Reliability
